

Slaughter Hosts Meeting with Key Federal and Local Officials on Passport Proposal

DHS, State Department, WNY Representatives, Community and Business Leaders Present

SLAUGHTER ASKS DHS TO EXTEND PUBLIC COMMENT PERIOD

Washington, DC - Rep. Louise M. Slaughter (D-Fairport), Ranking Member of the House Rules Committee, today hosted a major Stakeholders Meeting on the controversial DHS Passport initiative.

"I hosted this meeting today because the people of our region deserve a solution to border security which won't hinder their economic security in the process,"
Rep. Slaughter said.

"Complicating the lives of the people who live here isn't the answer to the problems confronting us. We cannot afford to choose between homeland security and economic prosperity. We must and can have both. "
she added.

"The goal of this meeting was to clearly demonstrate to the Department of Homeland Security and the Department of State that the New York and Canadian border communities are united in opposition to this proposed policy."

"All of the elected and community leaders here today joined me in clearly expressing their opposition directly to the DHS and State Department officials present at the meeting."

"The economic impact of new border policies must be taken into consideration. That is why it is so important for all New Yorkers to contact the Department of Homeland Security to register their comments and concerns during the public comment period. It is also why I have asked DHS to extend the public comment period," said Rep. Slaughter.

Senator Chuck Schumer attended the event, as did Representatives Brian Higgins and Thomas M. Reynolds. Also present were Buffalo Mayor Anthony Masiello and Vince Anello, the Mayor of Niagara Falls. Numerous officials from the Department of Homeland Security, the State Department, and local business and community leaders were also at the event.
